

Your congregation can support this ministry through...

Prayer

- Pray that God will bless us with the resources we need in both people and funding.
- Pray that we might be protected from the forces that would impede our efforts or discourage our spirits along this journey.
- Pray that our leaders do their work in the company of good counsel, with the wisdom of discernment, with unwavering faith, and with sustained spirits.
- Pray for those who will be drawn to serve as staff at The Samaritan Women.
- Pray for those young women who, right now, are engaged in hurtful behaviors or circumstances. Pray that they are led to our doors and are filled with the hope that leads to healing.

Time and Talent

- Provide weekend volunteer teams to help with the building renovation efforts and/or landscaping.
- Devote a member of your congregation to sit on our Community of Faith Advisory Board.
- Adopt The Samaritan Women as a congregational mission project by supporting our fund-raising efforts, assisting us in community events, praying for and providing for our residents.
- Encourage your members (especially teens!) to serve as tutors, speakers, mentors, and prayer partners to our residents.

Resources

- Cultivate your membership for their business contacts and in-kind resources that would extend our network of support.
- Sponsor a fund-raising event to contribute to our renovation efforts or scholarship program.
- "Adopt" a room and provide the resources and furnishings to equip that room for service to our guests and residents
- Sponsor a donations campaign to acquire teen Bibles, journals, craft kits, disposable cameras, personal toiletries and other consumable items for each resident.
- Scour your library and members for book, video, and DVD donations that would equip our Library and Music Room
- Establish a scholarship fund on behalf of your congregation to off-set the cost of a resident's program fees.
- Disseminate our program information within your congregation to reach families in need.
- Support our marketing efforts by promoting The Samaritan Women's facility and program within your council/synod/diocese.
