

In these tough times, you may not be able to provide the level of financial giving you'd like, but you'd be surprised at how your everyday surplus could meet a vital need for us. Do you have a basement or garage in need of some cleaning? Do you have a retail company with "scratch and dent" inventory or last year's models? Do you get returns that are perfectly fine? We can provide a tax-deductible receipt for the estimated value of your in-kind good or service. Here are a few suggestions.
